VOL. 2 NO. 1

JAN. - FEB. - MARCH, 1982

PLOT WHERE PYRITES HAS BEEN APPLIED

		Crop Paddy	Yield Wheat
1978 (Kharif) to 1980	No cultivation possible		
1981	Pyrite applied @ 4.0 MT/ha		Crop Standing

Per Hectare Fertilizers application during Pyrites Treatment

	Paddy	Wheat
Nitrogen	100 Kg	75 Kg
Phosphates	50 Kg	50 Kg
Zinc	10 Kg	10 Kg

Our Head Office on 18th Feb. 1982

Four Russian
Soil Scientists
who were delegates
to the 12th International
Congress of Soil
Science at New Delhi
Visited our Head Office
Dehri-on-sone.

The Russian Scientists with our M.D.

The Officers and Staff of the Head Office with the Russian Scientists.

**Soviet
Scientists
Visit**

The Soviet Scientists with M.D., G.G.M., G.M. and other Senior Officers.
